Subject: Full Stack Developer

Dear Hiring Manager

I am writing to express my enthusiastic interest in the Full Stack Developer position. As a dedicated professional with a specialization in mechanical engineering and a strong foundation in full-stack development, I am excited about the opportunity to contribute my unique skills and expertise to your team.

My background in mechanical engineering has equipped me with a deep understanding of problem-solving, critical thinking, and attention to detail. These qualities, combined with my passion for coding and technology, have driven me to pursue a career in full-stack development. Through my journey, I have honed my skills in front-end development, utilizing languages such as HTML, CSS, JavaScript, and UX, tools like Figma, Canva, Adobe Express, Framer, and GitHub. I have created my own blog by using WordPress. I am confident that I can make a significant contribution to your team.

Please find my attached resume for further details about my qualifications. I am looking forward to the opportunity to discuss how my skills can add value to your projects.

Thank you for your consideration.

Yours sincerely
